

# Community of Practice webinar – Heavy Rainfall Risk Assessment: Learning from Regions

---

**Date:** 16 July 2026

**Time:** 14:30 – 16:00 CET

**Platform:** [Zoom](#)

## Description

This webinar is the sixth in the hazard- and workflow-focused series. The session will highlight how European regions are applying and adapting the CLIMAAX Heavy Rainfall Workflow within their CRA processes.

Participants will gain insights into how regional teams have assessed relative drought hazard likelihood, exposure, and vulnerability, and how the resulting analysis informs local adaptation planning and risk management strategies. The webinar will also provide a space for interaction between regions and Toolbox developers, supporting shared learning and reflection on workflow usability and flexibility.

## Agenda

### 14:30 – 14:35 | Welcome and introduction

Moderator: Fulvio Biddau (CMCC)

- Welcome, housekeeping, and introduction of agenda and speakers.

### 14:35 – 14:45 | Introduction to the Heavy Rainfall Workflow

Speaker: Erika Melendez (UPC)

### 14:45 – 15:25 | Regional experiences: Applying and adapting the workflow

- Marius Matreata, Florin Bilbie (NIHWM)
- Martin Kuban (Košice Region)

### 15:25 – 15:55 | Panel discussion and Q&A

Moderators: Fulvio Biddau, Lisa Ferrari (CMCC)

- Discussion with panelists on challenges, lessons learned, and recommendations
- Audience Q&A.

### 15:55 – 16:00 | Closing remarks and next steps

- Key takeaways
- Information on upcoming events.
