

COMMUNITY OF PRACTICE

ON REGIONAL CLIMATE RISK ASSESSMENT

A network to foster learning, exchange of knowledge, and collaboration among practitioners, experts, and stakeholders engaged in climate risk assessment at local and regional levels across Europe

YOUR VOICE MATTERS

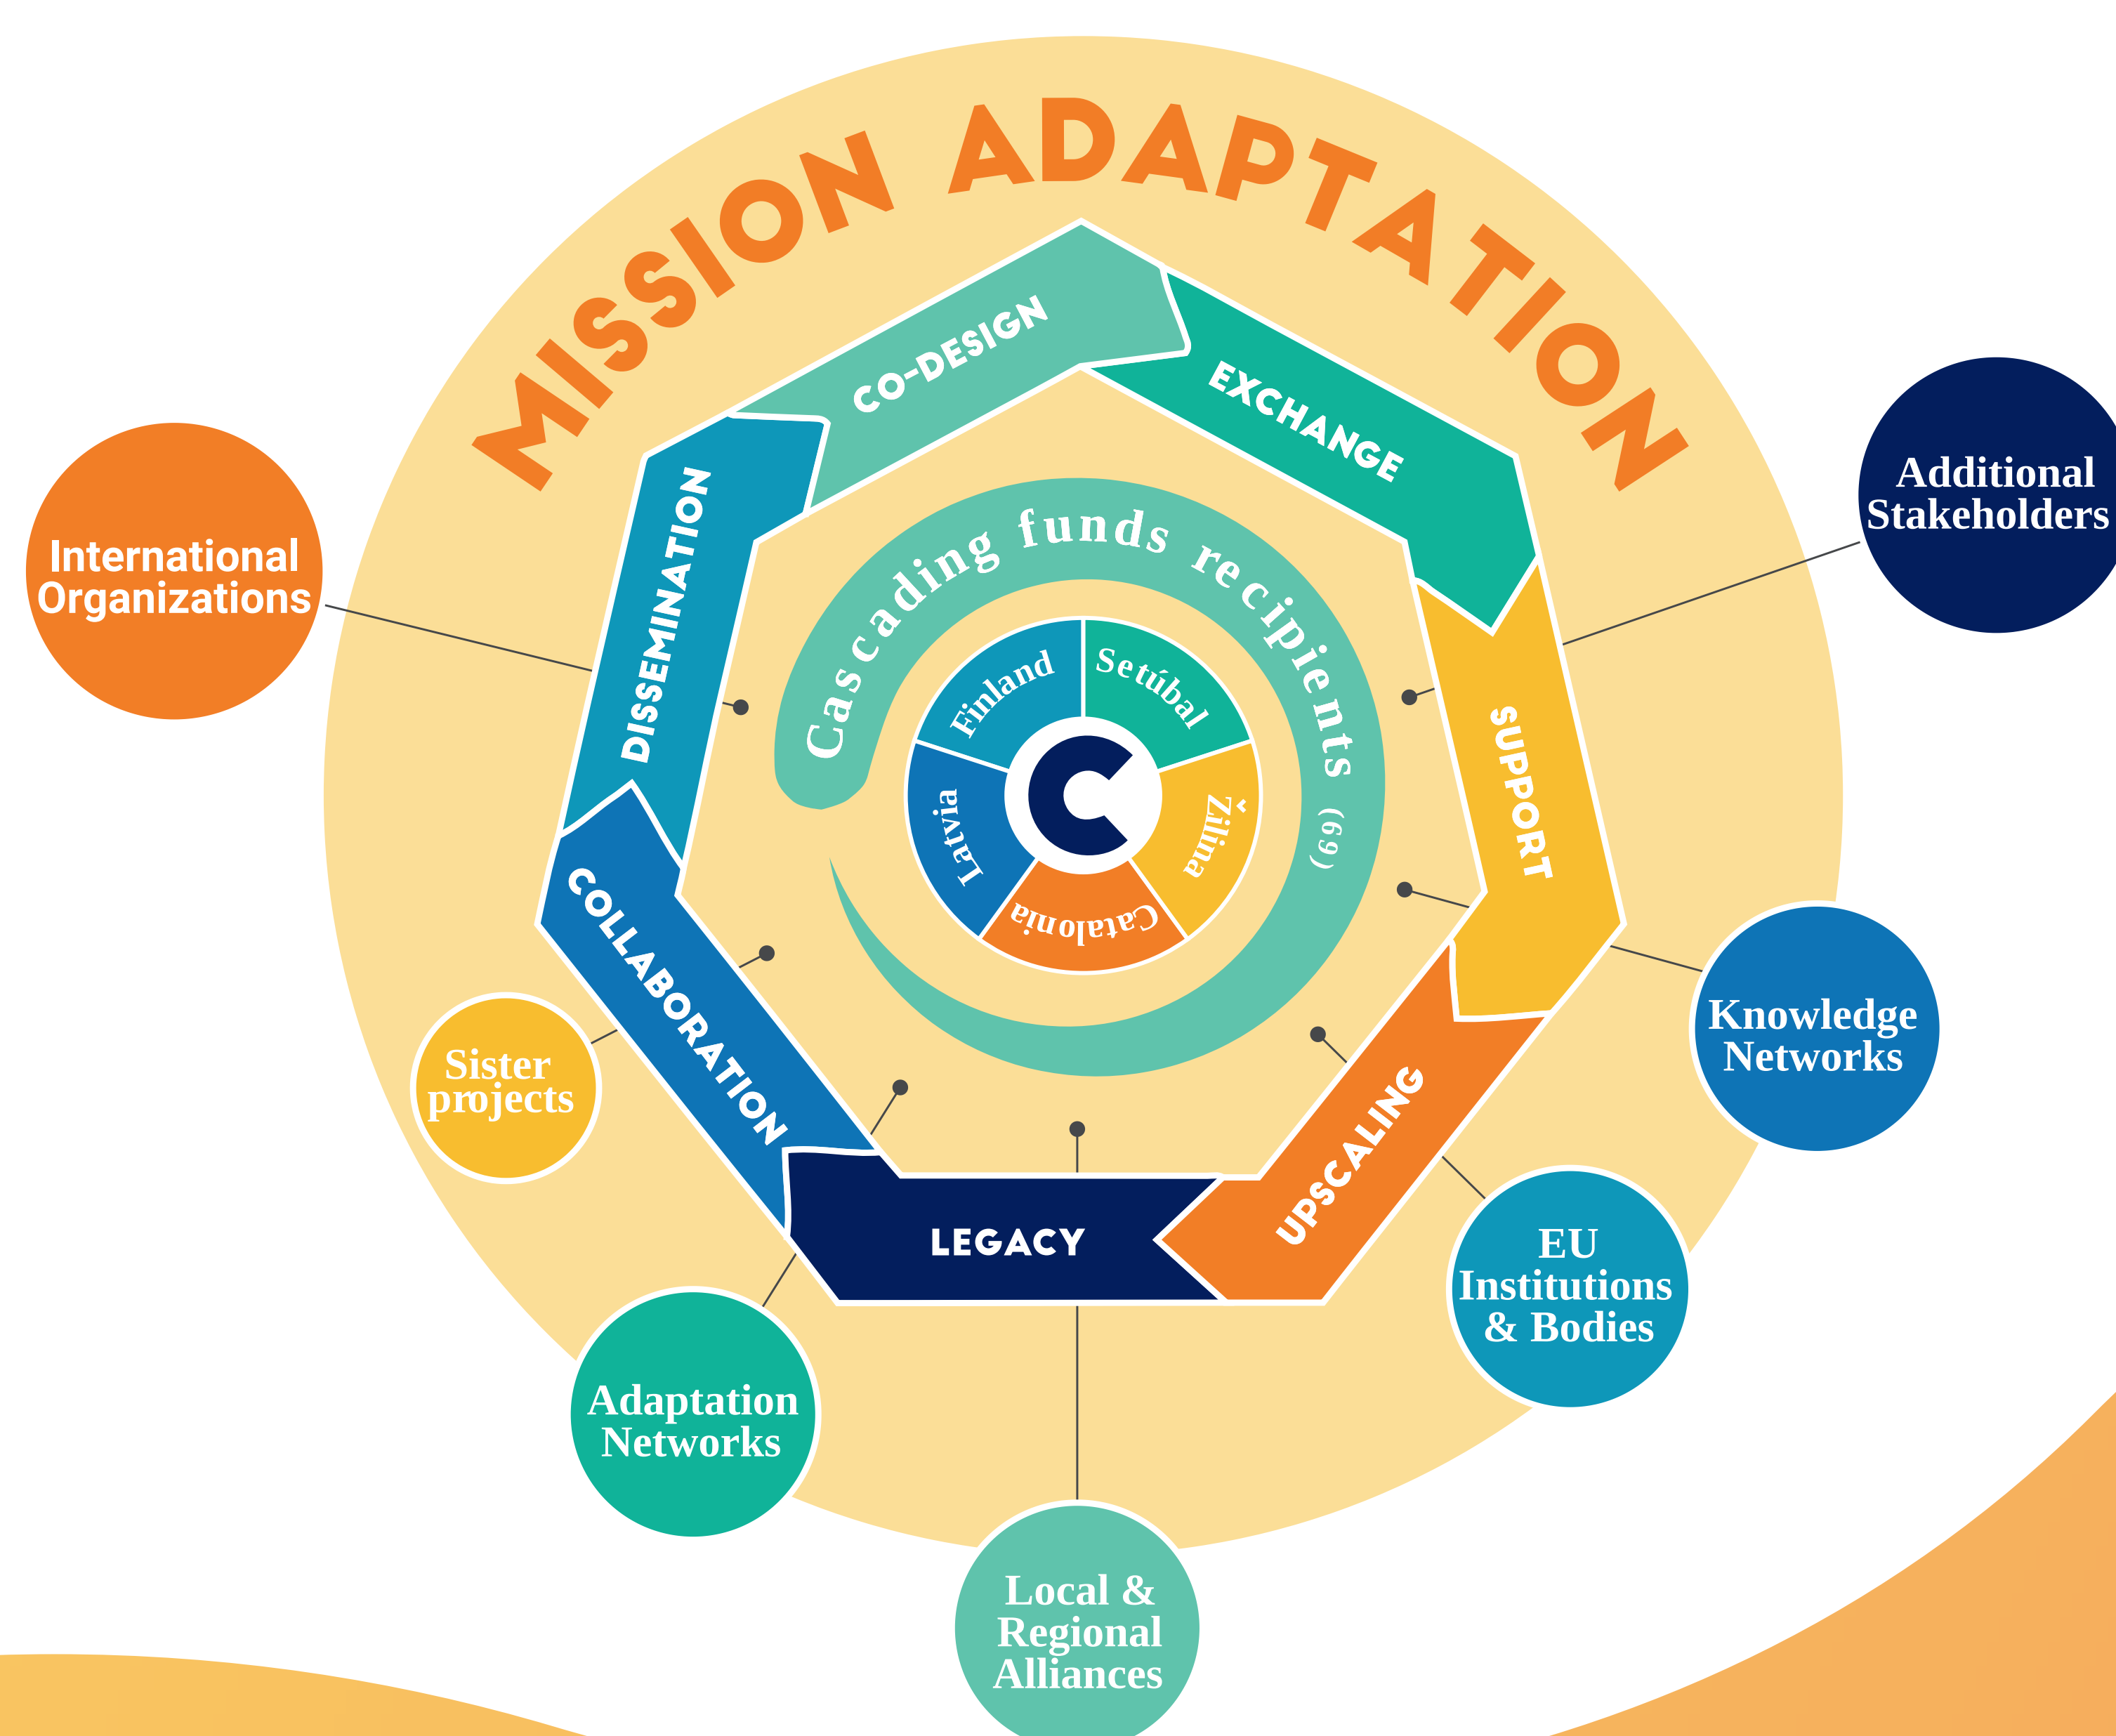

The CoP brings together individuals and organizations committed to advancing climate resilience by sharing experiences, co-designing solutions, and building capacity through interactive workshops, knowledge-sharing activities, and the development of innovative tools. Connect with like-minded professionals, share your experiences, and learn from others as we strive to shape a climate resilient future!

ACTIVITIES

The CLIMAAX CoP supports a growing network of practitioners through thematic webinars, interactive discussions, and knowledge-sharing activities. It offers opportunities to exchange experiences, explore the practical use of project's Framework and Toolbox, and contribute to the co-development of climate risk assessment approaches tailored to local needs.

WHY JOIN THE COP?

- Engage with peers to share insights and learn from each other's experience
- Receive advice from fellow practitioners
- Share your knowledge contributing to the identification of best practices, bottlenecks etc.
- Contribute to inform CLIMAAX activities and shape its outcomes
- Collaborate with groups of peers in areas of shared interest and specific applications
- Participate in events that respond to your interests and needs

ABOUT CLIMAAX

*CLIMAt*e risk and vulnerability Assessment framework and toolbox is the flagship project of the EU Mission on Adaptation to Climate Change that provides financial, analytical, and practical support to improve regional climate and emergency risk management plans. CLIMAAX is designed to contribute to the harmonization and consolidation of the practice of climate risk assessment, leaving a legacy for upcoming European initiatives.
