

PERSONAL INFORMATION

Silvia Mocavero

 CMCC Foundation - Via A. Imperatore, 16, 73100 Lecce (Italy) +39 3805460814 silvia.mocavero@cmcc.it Skype mikmok73

Sex Female | Date of birth 19/09/1973 | Nationality Italian

POSITION

Head of the High End Computing group of the Advanced Scientific Computing division at the Euro-Mediterranean Center on Climate Change Foundation, Lecce (Italy)

WORK EXPERIENCE

2014–Present

Leader of the High End Computing Group - Euro-Mediterranean Center on Climate Change Foundation

Coordination of the activities related to the High Performance Computing in the Advanced Scientific Computing Division at the Euro-Mediterranean Center on Climate Change Foundation

05/06/2006–Present

Researcher at the Euro-Mediterranean Center on Climate Change Foundation, CMCC, Italy

CMCC - Euro-Mediterranean Centre on Climate Change Foundation, ASC Division
c/o via A. Imperatore, 16, 73100 Lecce (Italy)

www.cmcc.it

Main activities:

- Scientific coordinator for CMCC of the H2020 ESiWACE from May, 2017
- Co-leader of the NEMO HPC working group from 2017
- Member of the NEMO HPC working group from 2013
- Member of the NEMO system team from 2011

Contributor to the drafting and in the activities of the following projects: IS-ENES, IS-ENES2, ESiWACE, ESCAPE2

03/2014–03/2015

PRACE project

Project name: ENS4OCEAN (ENSemble-based approach for global OCEAN forecasting)

02/2014–08/2014

PRACE preparatory access

Project name: Optimization of the NEMO oceanic model in the GLOB16 configuration

Research field: Earth Sciences and Environment

25/02/2013–08/03/2013

Visiting scientist at the Argonne National Laboratory

Argonne National Laboratory, Chicago (United States)

Porting and scalability analysis of the NEMO oceanic model on BlueGene/Q architecture

25/10/2010–10/12/2010

Visiting scientist within the HPC EUROPA2

Barcelona Supercomputing Centre, Barcelona (Spain)

Optimization of a Biogeochemical Flux Model within the HPC-Europa2 initiative supported by the

European Commission Capacities Area - Research Infrastructures Initiative

2009–2010 **Lecturer at the University of Salento, Dept. of Engineering for Innovation, Lecce (Italy)**

Course on "Computer Systems" Computer Engineering Faculty, University of Salento, Lecce (Italy)

04/01/2006–03/05/2006 **Contract position**

University of Lecce

Dept. Engineering for Innovation, via per Monteroni, 73100 Lecce (Italy)

www.unisalento.it

Design of an Information Cache Mediator Component for resources and jobs monitoring in computational grids, within the CoreGRID European Project – European Research Network on Foundations, Software Infrastructures and Applications for large scale distributed, GRID and Peer-to-Peer Technologies. www.coregrid.net

28/11/2005–27/12/2005 **Contract position**

University of Lecce

Di.S.Te.B.A., via per Monteroni, 73100 Lecce (Italy)

www.unisalento.it

Development of data analysis software.

01/08/2005–19/10/2005 **Contract position**

University of Lecce

Dept. Engineering for Innovation, via per Monteroni, 73100 Lecce (Italy)

www.unisalento.it

Design of a MetaData Server for the metadata management supporting the ingestion in heterogeneous database. FIRB project. www.grid.it

28/06/2002–31/12/2004 **Contract position**

University of Lecce

Via per Monteroni, Lecce (Italy)

www.unisalento.it

Design and implementation of:

- an extension of the MDS Information Service Schema
- Web Services for the management of resources information
- a Relational Grid Information Service (iGrid)

within the European GridLab project – A Grid Application Toolkit and Testbed – 5th FWP. www.gridlab.org

EDUCATION AND TRAINING

28/07/2013–09/08/2013 **Argonne Training Program on Extreme-Scale Computing (ATPESC2013)**

Argonne National Laboratory, Chicago (United States)

The program focuses on programming methodologies that are effective across a variety of supercomputers and that are expected to be applicable to exascale systems. The emphasis is on unifying concepts and levels of abstraction that provide migration paths and performance portability among current and future architectures.

09/10/2006 **PhD in "Materiali e Tecnologie Innovative"**

Scuola Superiore ISUFI, University of Lecce (Italy)

Design and implementation of a distributed architecture for the performance optimization in the Diesel Common Rail Engines

13/07/2003–25/07/2003

International Summer School on Grid Computing 2003

Participation to the first International Summer School on Grid Computing, Vico Equense (Italy)

23/04/2002

Laurea Degree in Computer Engineering

University of Lecce, Lecce (Italy)

Design and implementation of DESGrid, a grid portal for the Diesel Engine performance optimization using genetic algorithms for the combustion chamber geometry optimization

PERSONAL SKILLS

Mother tongue(s)

Italian

Foreign language(s)

English	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
	C1	C1	C1	C1	

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user
Common European Framework of Reference for Languages

Organisational / managerial skills

Good team-leading skills gained by leading the High-End Computing group of the Advanced Scientific Computing division

Driving licence

B
