Birth date: 24th April 1978

Citizenship: Italian

EDUCATION

10/97 – 04/03

Bocconi University – MILAN, ITALY

Degree in Economics.

Dissertation: "Trade credit and ethnicity: an econometric evidence from Tanzania".

Final Mark: 103/110, supervisor prof. Eliana La Ferrara.

09/92 – 05/97

Liceo Scientifico G.B.VICO – Corsico (Milan), ITALY

PROFESSIONAL EXPERIENCES

09/2018 – present

RFF-CMCC European Institute on Economics and the Environment - MILAN, ITALY

Division Manager and Project Manager of the "Sustainable Earth Modelling Economics (SEME)" Division:

- Management of the Division activities, including budgeting and forecasting
- Scientific and accounting management of research projects of SEME Division
- Research support (data collection, management and development of databases, analysis of the data)
- Coordination of all activities related to the CMCC office in Milan@BASE

01/2006 – 08/2018

Fondazione Eni Enrico Mattei (FEEM) - MILAN, ITALY

Project Manager and Program Officer of the "Energy Scenarios and Policy" and "Society and Sustainability" research areas:

- Quarterly Budgeting and Forecasting
- Analysis and monitoring of the analytical accounting prepared by the Administration Office (check of the correct allocation of costs)
- Elaboration of the quarterly management report (final, committed, budgeted and deviation analysis)
- Coordination of all activities related to the two research areas (conferences, seminars, monitoring publications)
- Support to the Executive Director on the Research Coordination activities, including the organization and management of the meetings of FEEM's Scientific Advisory Board.

At FEEM, from 2006 to 2013, I worked as Researcher on State Capitalism topic on various projects:

- "Sovereign Wealth Funds" project: research activity on the new emerging financial actors called Sovereign Wealth Funds through the data collection, management and development of databases, and analysis of Sovereign Wealth Funds investments in equity and real estate;
- "Municipal Capitalism" project: research activity on Italian firms owned by local authorities through the analysis of their financial performances. ("Il capitalismo municipale in Italia", Il Mulino, Bologna 2010);
- "Privatization Barometer" project: data collection, creation, management and development of databases. The objective was to identify the political-institutional incentives and constraints affecting privatization, the interactions between private and public ownership and control of firms and evaluate the State's role in the economy and financial markets.

- 01/2013 – 02/2018 **Sovereign Investment Lab, BAFFI CAREFIN (Centre for Applied Research on International Markets, Banking, Finance and Regulation), Bocconi University, MILAN, ITALY**
- Senior Researcher on the “Sovereign Investment Lab” project: data collection, management and development of databases, and analysis of Sovereign Wealth Funds investments. Before landing at the “Sovereign Investment Lab”, I have worked in the same research team on the topic for the Monitor Group, the global consulting firm, and for Fondazione Eni Enrico Mattei, a not-for-profit research institution.
 - Senior Researcher on the “Study on State Asset Management in the EU” (Dec 2016-Feb 2018): project in collaboration with KPMG Italia with the objective to provide the policy makers with a quantitative assessment of the equity owned by the EU28 Member States.
- 06/2005 – 12/2005 **MIT.FIN Compagnia Finanziaria SpA – M&A sector - MILAN, ITALY**
- Junior Analyst role to support the Financial Advisory team members, involved in the following activities:
- Data collection and analysis of the companies based on their financial statements and annual reports
 - Companies evaluation through the most common methodologies (Peer Analysis and DCF)
 - Drafting of business plans
 - Client meetings
- 06/2003 – 05/2005 **JP MORGAN Private Bank - Asset and Wealth Management - MILAN, ITALY**
- Junior Analyst with the role of Portfolio Specialist. Major tasks:
- Co-operation in the funds and derivatives selection supporting the investment management process
 - Portfolio analysis and performance calculation
 - Steady trading and monitoring on the managed accounts through proprietary tools
 - Support to the client queries (portfolio valuations and market analysis)
 - Development of client proposals through customized asset allocation analysis
 - *Due Diligence* procedure on prospects
